## Work History

Mar 2023- Present

### Freelance Front-End Developer

- 1+ year experience working with HTML, JavaScript and CSS, as well as using best practices in UI design.
- Employing the skills, I've learned to deliver the requested projects quickly, efficiently and punctually.
- Regular refresher courses ensure my knowledge stays present and up to date.
- Strong understanding of jQuery, as well as experienced use of SASS and LESS
- Working with WordPress with clients, creating existing websites, converting existing websites to WordPress and custom theme creation when requested
- 

Dec 2022- June 2023

### Front-End Developer Professional Certificate, Meta

- Learned the fundamentals of HTML, CSS and JavaScript and tested them in practical coding examples and regular exams.
- Further study and advanced lessons allowed me to gain a high level understanding of those coding languages and how to best use them in a working environment.
- Also studied topics such as Version Control, Principles of UI/UX and React to deepen my development skills

Jan 2021- Present

### Restaurant Floor Manager, Ottolenghi Ltd

- Managing a large and diverse team of all ages, building a work environment they are comfortable in while ensuring their delivery of great service.
- A forward-facing role, using strong interpersonal skills to assist clients and meet their needs quickly and efficiently.
- Management of stock ordering and management using a variety of online systems.

Feb 2020- Nov 2021

### Shift Manager, The Broughton

- A strong emphasis on building a good rapport with clients, ensuring repeat trade, reflecting well on the brand.
- Represented and upheld the high standards of the Michelin plate establishment.
- Maintained a positive and friendly attitude with guests and colleagues while under pressure during busy periods.
